Dear Mr. Harris:

This letter is in acknowledgement of receipt and acceptance of your request for extension of mining claim notice UTU-71337.

The new notice expiration date is January 20, 2007. The notice is authorized as long as you do not need to modify or change the existing notice on file.

A material change is described in the regulations as changes that disturb areas not described in the existing notice; changes in your reclamation plan; or a result in impacts of a different kind, degree or extent than those described in the existing notice (43 CFR 3809.331). A material change would require the filing of a new notice for exploration activities or a plan of operations for mining or exploration activities over 5 acres.

If you have any question please contact Mr. Doug Powell at 435-644-4323.

Sincerely,

Lorraine M. Christian
